- Danville Community Consolidated School District No. 118 believes that appropriate student behavior should be taught in a positive, proactive manner utilizing programs such as Positive Behavior Interventions and Supports and character education.
- Danville Community Consolidated School District No. 118 is committed to creating a safe educational environment for all students and staff.

The Board of Education has, by policy, adopted rules and guidelines for student behavior to ensure standards of conduct which will promote knowledge and learning throughout the Danville Community Consolidated School District No. 118 community as mandated by the *Illinois School Code*. The Board of Education hereby authorizes the use of discipline in accordance with this policy and further authorizes the use of isolated time-out and physical restraint interventions consistent with Illinois law and Board of Education policy. In accordance with due process and statutory requirements, the Board of Education may suspend or expel students from school and from the school bus for acts of gross disobedience or misconduct and otherwise maintain discipline in the schools. Only the Board of Education may determine to expel a student from school or from the school bus. The Superintendent, Assistant Superintendent, Principal, Assistant Principal, and Dean of Students may suspend students from school or the school bus for up to ten (10) school days.

ARTICLE 3

DEFINITIONS OF RULES AND REGULATIONS

When self-discipline fails, regulations for management of school behavior, including those adopted by the Board of Education for each individual school, must be enforced by those directly responsible for the operation of the schools. School staff members will make every effort, individually, collectively, and cooperatively, with appropriate available community resources, to help each student gain acceptable self-discipline standards. The Board of Education has this legal responsibility according to the *Illinois School Code*.

To be effective, a disciplinary measure should be a logical consequence of the offense. It should be prompt. It should be applied consistently.

1. **CORPORAL PUNISHMENT:** Corporal punishment is no longer an option for disciplinary punishment.
2. **DISMISSAL PENDING PARENT CONFERENCE** (Exclusion from school pending parent conference.): Parent/guardian shall be notified of the dismissal. An immediate effort shall be made to contact the parent/guardian by telephone on the day the dismissal is issued to notify the parent/guardian of the dismissal and to schedule a conference with the principal/teacher before the student is reinstated. The telephone call shall be confirmed in writing. If a parent/guardian has not scheduled a conference within one day of the dismissal, the District may initiate suspension procedures. A parent conference does not negate the punishment.
3. **ELECTRONIC SIGNALING AND CELLULAR RADIO TELECOMMUNICATION DEVICES:** It is the intention of the Board of Education to provide a safe and secure learning environment for the students in its schools and to limit the possession and use of the electronic signaling and cellular radio telecommunication devices (specifically cellular phones) which might adversely affect student welfare and safety and the educational environment.

During the school day, electronic signaling and cellular radio telecommunication devices must be stored out of sight in the “off” mode or unable to transmit or receive communication. Modes of operation such as silent vibrating or text messaging are considered unacceptable. Use of electronic signaling and cellular radio telecommunication devices is limited to after school hours and in emergency situations where a teacher or administrator approves the use of the device. Students are prohibited from using such devices during class time, lunch, or other free periods or hallway passing periods. The District is not responsible for any loss or damage to cellular phones.

A student shall not use electronic signaling or cellular radio telecommunication devices for inappropriate, illegal, or disruptive activities at any time on school property or at a school event. This prohibition includes the act of sexting. Sexting shall be defined as the intentional act of sending sexually explicit photos or messages electronically, primarily via cell phones and/or the internet (Please see pages 26 and 32 of this handbook for more information on the act of sexting and the disciplinary consequences for engaging in this conduct.).

7. **REFERRAL OF CHRONIC TRUANTS:** Chronic truants and their parent/guardian will be referred to the Office of the State's Attorney for prosecution under the Illinois statutes. As defined by the *Illinois School Code*, a chronic truant is a student who has been absent without a valid cause from school for five percent (nine days) or more of the previous 180 regular attendance days.
8. **REFERRAL TO OFFICE (Classroom Disruption):** The teacher, as soon as possible, will report in writing to the principal's duly authorized agent, the circumstances leading to the removal of the student from class. Prior to removal from the classroom, the teacher has attempted to re-direct student behavior.
9. **SCHOOL DETENTION:** Students may be detained before or after school for up to 55 minutes as a disciplinary measure. This includes students transported by school bus.

A reasonable attempt shall be made to contact the parent or guardian. All students shall be given advance written notice of detentions with the responsibility of informing their parent or guardian of the detention. Elementary and middle school students shall serve the detention the day following the offense or at a date determined as appropriate by the teacher. A parent/guardian signature is required on the detention notification. High school students shall serve the detention on the day following the offense.

10. **SEARCHES:** Public school students do possess a clearly established constitutional right to be free from unreasonable searches and seizures. (1) However, school officials may search students when they have "reasonable suspicion in light of all circumstances" to do so. (2) That is, there must be reasonable grounds to believe that the search will reveal a violation of school rules or produce evidence of unlawful activity.
11. **SOCIAL PROBATION:** Limiting access to extra-curricular activities as a consequence for behavior, particularly tardiness.
12. **SUSPENSION:** Suspension is a temporary exclusion of a student from school, from riding the school bus, or from a class or classes, for a period of time not to exceed 10 consecutive school days for safety reasons. In the case of a suspension at all levels, appropriate school personnel must have contact with parent/guardian. If an emergency day(s) occurs during the suspension causing the district to cancel school, the suspension days will be changed to reflect the days the school was not in session. Suspension days are counted for the days schools are in session.
13. **TIME OUT AND PHYSICAL RESTRAINT:** The Board of Education bears the responsibility of protecting the safety, health, and welfare of the students, staff, and property of the School District and maintaining a safe and orderly environment for learning. Therefore, it may be necessary at times to physically restrain or physically remove a student into an isolated time out setting when the student's conduct affects the well-being of the schools. It is the policy of this District to implement isolated time out and physical restraint procedures as a means of maintaining a safe and orderly learning environment to the extent such procedures are necessary to preserve the safety of the students, staff or others. Neither isolated time out nor physical restraint procedures shall be used as form of punishment when administering discipline to individual student. The District shall provide notification to parents within 24 hours of the use of physical restraint or time out.

	105 ILCS 5/24-24	

14. **UNEXCUSED ABSENCE:** The term "unexcused absence" means any absence that does not meet the terms found in the *Illinois School Code* or with the policies of the school district for absence for valid cause. Please refer to examples of unexcused absences under Article 15. Gr 9-12: Unexcused absences also include not attending all scheduled periods during the school day.
15. **VALID CAUSE FOR ABSENCE:** "Valid cause" for absence shall be authorized for religious holidays, illness, death in the immediate family, verifiable medical or dental appointments, court appearances, pre-approved college visits, and pre-approved family vacations.

ARTICLE 5 GUIDELINES FOR DETERMINING PENALTIES

The Board of Education has approved the following guidelines for determining the length of penalty time for various infractions. Any violation of federal, state, or local law will be promptly reported to the appropriate law enforcement authorities.

1. **These examples are not the only acts or conditions for which disciplinary actions are warranted, nor do they in any way limit this policy.**
2. Subsequent cases of the same offense or cumulative offenses may result in more severe disciplinary action.
3. Physical attack upon any person may be grounds for expulsion from school.
4. Expulsion may be levied on any student who is found to be carrying a weapon to, from or within the Danville Community Consolidated School District No. 118 schools, or to, from or in attendance at any school sponsored activity.
5. Any student who has initiated, or taken part in any act of vandalism or arson as described in this policy handbook may be expelled. Further, it shall be the policy of this Board of Education to seek to recover damages from the parent/guardian of any minor, or from any person who has initiated, or taken part in any act of vandalism as described in this policy.
6. These guidelines apply to all school sponsored activities.

7. Student discipline shall be issued on a case by case basis. In order to facilitate education and safety in schools and allow a safe learning environment for all, the District has developed the following discipline level system to demonstrate generally the appropriate discipline for a particular offense. The structure of this level system serves as a guide only and the list of offenses contained therein is not exclusive. Authorized district personnel, in their discretion, have the authority to increase the level of discipline or decrease the level of discipline from any guideline based on individual circumstances.

The Board of Education has determined that a student may be suspended or expelled from school for any act or behavior that is of such nature as to constitute gross disobedience or misconduct. Such gross disobedience or misconduct includes, but is not limited to, any conduct, behavior, or activity that causes, or may reasonably cause, school authorities to forecast substantial injury or disruption or material interference with school-related activities or the rights of others in addition to the examples listed below.

Gross disobedience or misconduct may occur on school grounds, on a school bus, or at a school activity or involve activity reasonably related to school. It may also occur in a situation other than on school grounds or at a school-related activity, provided that a reasonable relationship exists between the conduct of the student and a potential impact on the school, its processes, or student environment.

FOOTNOTES

* **Gang Related Activity:** First offense of passive display of insignias denoting gang membership and/or any group not sanctioned by school officials within the school, may result in up to 10 days out-of-school suspension and referral to the Board of Education for expulsion.

** **Sexting:** Students who are found intentionally creating, possessing, or sending explicit photos or messages electronically, including audio, video, and image media, primarily via cell phones and or the internet at school or at a school-sponsored activity, or students who are found creating, possessing, or sending sexually explicit photos or messages of another student regardless of where such act occurs, may be subject to disciplinary action up to and including suspension from school for 10 days and referral to the Board of Education for expulsion proceedings. Additionally, the local police authorities will be contacted for criminal prosecution.

*** **Sexual Assault:** The term is commonly identified as “rape” and involves threatened force, attempts at or actual sexual contact, bodily harm or threats of bodily harm, except that these factors, however, are not issues for reported victims under 13 years of age. By law, persons under 13 years of age cannot make a determination of whether the act was sexually illegal in nature. All incidents will be immediately reported to police, regardless of offense, location or time.

**** **Unlawful Drugs or Behavior Altering Substances/Look-a-Likes:** The Board, at its discretion, may, for any student expelled for the sale, distribution, use, possession, or under the influence of any unlawful drugs, behavior altering substances, or look-alikes, decrease the student’s expulsion period if the student participates in evaluation, counseling, and treatment at a program or clinic approved by the school district, provided that the student may return to school only at the end of his or her expulsion period, if it is determined by the clinic that the student is drug free.

***** **Weapons:** Pursuant to the federal *Gun-Free Schools Act* and Section 10-22.6 of the *School Code*, it is the policy of this Board of Education to expel from school for at least one calendar year (but no longer than two calendar years) any student who has possession or control of or uses or transfers a “weapon” at school, any school sponsored activity or event, or any activity or event which bears a reasonable relationship to school. The term “weapon” in this context is defined in the Rules and Regulations implementing this Policy. The Superintendent may modify the expulsion period, and the Superintendent’s determination may be modified by the Board of Education on a case by case basis. The Superintendent or his or her designee shall maintain a written record of any modifications to the expulsion period. Students eligible for special education and related services shall be considered for expulsion or other discipline for bringing weapons to school pursuant to the *Individuals With Disabilities Education Act* and as set out in the procedures set forth in the Rules and Regulations accompanying this Policy. For purposes of this section, the term “weapon” means possession, use, control, or transfer of any object which may be used to cause bodily harm, including but not limited to a weapon as defined by Section 921 of Title 18, *United States Code*, firearm as defined in Section 1.1 of the *Firearm Owners Identification Act* [430 ILCS 65/1.1], use of weapon as defined in Section 24-1 of the *Criminal Code* [720 ILCS 5/24-1], knives, guns, firearms, rifles, shotguns, brass knuckles, billy clubs, or look-alikes thereof. Such items as baseball bats, pipes, bottles, locks, sticks, pencils, and pens may be considered weapons if used or attempted to be used to cause bodily harm.

ARTICLE 6

STUDENT SEARCHES AND CONTROLLED SUBSTANCES

Students have no expectation of privacy in lockers, desks, parking lots, or other school property owned and controlled by the school, as well as the personal effects left in those places. Authorized administrators may search a student, student lockers, desks, parking lots, and other school property owned or controlled by the school, as well as personal effects left in those places and areas by students, whenever there are reasonable grounds for suspecting that such search will turn up evidence that a student violated or is violating the law or the rules of the school district. Authorized administrators may conduct periodic suspicion-less inspections of school lockers and other school property for the purposes of a) providing for the health, safety, and supervision of students in the absence of their parents, and b) the inventorying of school supplies and property. If the search is productive (or the student surrenders the contraband to the school officials), the matter will be handled within the framework of this Ownership in Education Policy.

If a student is observed by district personnel possessing, distributing, purchasing or selling any unlawful drugs, behavior altering substances or look-alikes, smoking marijuana, consuming or under the influence of alcohol or other behavior altering or unlawful substances, or involved in any transaction in any way with controlled substances, school officials will conduct an investigation that may lead to an expulsion hearing.

Law enforcement officials will be asked to conduct an investigation when a school official's investigation results in the discovery of criminal activity. Reasonable effort will be made by school officials to have the student's parent/guardian present during the police investigation. During the interim period, the student will be detained in an administrative office until the police and/or parents/guardians arrive. The police will determine whether they wish to file charges.

Any evidence will be turned over to the police to determine if the evidence is a controlled substance.

In cases dealing with unlawful drugs, behavior altering substances, or look-alikes, the student may be suspended for 10 school days, an expulsion hearing scheduled, and the student may be turned over to the police.

The Board, at its discretion, may, for any student expelled for the sale, distribution, use, possession or under the influence of any unlawful drugs, behavior altering substances or look-alikes, decrease the student's expulsion period if the student participates in evaluation, counseling and/or treatment at a program or clinic approved by the school district provided that the student may only return to school at the end of his or her expulsion period, if it is determined by the program or clinic that the student is drug free.

ARTICLE 7

PROCEDURES GOVERNING STUDENT SUSPENSIONS

The purpose of these procedures shall be to assure compliance with the *School Code of Illinois* and provide for the fair and equitable treatment of all suspension cases in Danville Community Consolidated School District No. 118.

1. Explanation of Due Process:

Due process requires, in connection with a suspension of up to 10 school days, that the student be given immediate oral or written notice of the charges against him or her, and if the student denies them, an explanation of the evidence the authorities have, and an opportunity to present his/her version. Generally, notice and hearing should precede the student's removal from school. The hearing may immediately follow the misconduct (1) if prior notice and hearing are not feasible, and (2) where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school. Nonetheless, the necessary notice and hearing should follow as soon as practicable.

2. a. The Superintendent, principals, and assistant principals are authorized to suspend students. The Superintendent of Schools shall be notified of any and all suspensions. Report of suspensions shall be in writing, stating complete details such as description of conduct and communication with parent/guardian. The report shall be received by the Superintendent as quickly as practicable.

b. Parents or guardians of suspended students shall be notified of any and every suspension. Parents shall be informed of the reasons for the suspension, the administration's rationale for the duration of the suspension, and of their right to request review of the suspension before the Board of Education or a Board appointed hearing officer. For suspensions of four days or more, the notice also must include whether other behavioral and disciplinary interventions were attempted or if none were available. For suspensions of five days or more, the notice also must include whether appropriate and available support services will be offered or if none are available.

c. Students suspended from school will be allowed to make up missed work due to the suspension. The missed work must be turned in to the teacher(s) within the designated number of days from the last day of the suspension in order to receive credit.

Students suspended will be allowed the number of days equal to the number of days suspended to make up work. Students and/or parents should request homework during the suspension rather than waiting until the student returns to school.

d. Any student who has been suspended shall attend a mandatory re-entry meeting with school personnel upon their return from suspension. The purpose of this meeting is to establish clear behavioral expectations and define additional supports that the student may need in order to be successful.

3. Formal Review Procedures:

a. The Hearing Officer:

The hearing officer is appointed by the Board of Education.

b. Statement of Reasons:

As soon as practicable, a statement of reasons for the suspension and the rules and regulations violated by the student's conduct shall be sent to the student and his/her parent/guardian.

If a formal review hearing is requested by the parents/guardians or student, the hearing officer shall establish a date, time, and place of the review and a statement of the procedure to be followed shall be given to the student and his/her parent/guardian.

c. The Review Hearing Procedures may be summarized as follows:

- (1) Shall be held at a time and location set by the school administration. In no case shall this hearing be held later than 10 school days following initial suspension.
- (2) The school administration shall proceed first and the student may then respond.
- (3) All witnesses shall be subject to inquiry by both parties.
- (4) No more than five witnesses may be called by either party without the permission of the Hearing Officer.
- (5) Either party may record the proceedings at his/her own expense. The hearing officer will record a narrative of the hearing on behalf of the Board.
- (6) The review hearing shall be held in executive session.
- (7) The rules of evidence shall not apply to review proceedings.

4. Report of Hearing Officer and Board of Education Disposition:

- a. A written report shall be issued by the hearing officer to the student, his/her parent/guardian, and the Board of Education as soon as practicable after the review hearing. This report shall be sent by certified mail and shall include: (1) student's name; (2) those present at hearing; (3) administrative rationale for suspension and duration; (4) other interventions attempted and/or exhausted; (5) witnesses; (6) brief account of evidence; and (7) the hearing officer's determination of sufficient evidence to warrant suspension and appropriate disciplinary action.
- b. If the student and parent/guardian wish to address the Board before it takes action on the case, a written request must be submitted to the hearing officer at least 24 hours (or such other time as stated in a letter to the parents) before the Board meeting.
- c. The Board of Education shall review each of the findings of the hearing officer at a duly called meeting. If the Board of Education concurs with the findings of the hearing officer, the minutes of the meeting shall reflect that concurrence. The names of suspended students will not be made public. The suspension begins on the first school day after the student is sent home.

In the event that suspension is disallowed:

- (1) The student's record shall be expunged of all notations or remarks regarding the matter.
- (2) The student's absence shall be excused.
- (3) All educational opportunities missed by the student shall be afforded him/her.

ARTICLE 8

PROCEDURES GOVERNING STUDENT EXPULSIONS

1. Expulsion can only be given by the Board of Education. An expulsion may not last for more than two years.
2. At the time of initial suspension by the superintendent or principal, the suspending official should know whether, in his/her opinion, the behavior justifies expulsion. If, in his/her opinion, it does justify expulsion, the report to the parent/guardian of the suspension, including a statement of the reasons for the suspension, should also request the parents/guardians to appear at a meeting with the hearing officer to discuss their child's behavior which may lead to expulsion.
3. Expulsion shall take place only after the parents/guardians have been requested to appear at a meeting with a hearing officer appointed by the Board of Education to discuss their child's behavior. Such request shall be made by certified mail and shall state the time, place, and purpose of hearing.
4. Expulsion Hearing:
 - a. Shall be held at a time and location to be set by the school administration. In no case shall this be held later than 10 school days following initial suspension.
 - b. The school administration shall proceed first and the student may then respond.
 - c. All witnesses shall be subject to inquiry by both parties.
 - d. No more than five witnesses may be called by either party without the permission of the Hearing Officer.
 - e. Either party may record the proceedings at his/her own expense. The hearing officer will record a narrative of the proceedings on behalf of the Board of Education.
 - f. The review proceeding shall be held in executive session.
 - g. The rules of evidence shall not apply to review proceedings.
 - h. A written report shall be issued by the hearing officer to the student, his/her parent/guardian, and the Board of Education as soon as practicable after the review hearing. This report shall be sent by certified mail and shall include: (1) student's name; (2) those present at hearing; (3) reason and rationale of administrative recommendation for expulsion; (4) other interventions attempted and/or exhausted; (5) witnesses; (6) brief account of evidence; and (7) the hearing officer's recommendation as to sufficient evidence to warrant expulsion and any appropriate disciplinary action.
 - i. Parent/guardian receives a copy via certified mail of the hearing officer's report and witness statements, along with the hearing officer's

- recommendation regarding evidence and any appropriate disciplinary action.
- j. If the student and parent/guardian wish to address the Board before it takes action on the case, a written request must be submitted to the hearing officer at least 24 hours (when possible) before the Board meeting . The Board of Education shall take such action on the hearing officer's report as it finds appropriate.
 - k. The Board of Education reserves the right to offer additional education services to an expelled student on an individual basis as it deems necessary.
 - l. The decision of the Board of Education will be forwarded by regular mail to the parent/guardian. The written expulsion decision must detail the specific reasons why removing the student from school is in the school district's best interest; provide a rationale with respect to the specific duration of the expulsion; and document whether other behavioral and disciplinary interventions were attempted or whether the school determined that there were no other appropriate and available interventions.

THE DECISION OF THE BOARD OF EDUCATION SHALL BE FINAL. However, the Board, at its own discretion, may increase or decrease the discipline applied as circumstances warrant.

All students who have been expelled shall attend a mandatory re-entry meeting with the Superintendent and/or Assistant Superintendent prior to enrollment and attendance in District 118 schools. The purpose of this meeting is to establish clear behavioral expectations and define additional supports that the student may need in order to be successful.

ARTICLE 9 ALTERNATIVE TO SUSPENSION/EXPULSION

The District provides the following alternatives to suspensions and/or expulsions, as outlined below:

Alternative Education/Refocus Room – Grades 5 - 12

Students may be assigned to the Alternative Education/Refocus Room in place of an out-of-school suspension. The student will be able to do his/her schoolwork and receive credit for it during this assignment. Students considered for this assignment would include, but not be limited to: non-repetitive offenders, students with non-violent behavior, students with an Individualized Education Plan, etc. Sites will be located at the high school, middle school, and upper elementary levels.

Danville Community Consolidated School District No. 118 Alternative Programs—Grades 6 - 12

Students are referred by the building administrator and must also be found eligible through a screening/review. The Board of Education may also place a student into one of these alternative programs. While the primary focus of the program is to serve students with academic, attendance, and/or socialization needs who may benefit by placement in an alternative setting, suspension/expulsion-eligible students may also be recommended for some of the program seats, as space is available, if the students meet the program criteria. If a student is accepted, the student must (1) complete assignments, (2) maintain good attendance, and (3) follow disciplinary expectations; failure to do so may result in the student being dropped from the program and/or being referred to the Board of Education for possible expulsion. [Per case law, Building administrators should not transfer students to an alternative program without either permission of the parents or a hearing before the Board.]

Regional Safe Schools – Grades 6 - 12

In lieu of expulsion, the Board of Education may refer expulsion-eligible students to the RSS program administered by the Vermilion County Regional Office of Education. The student is considered for enrollment of one semester at an interview conducted by RSS staff. If accepted, the student may continue his/her studies, earn credit, etc., providing that the student (1) completes assignments, (2) maintains good attendance, and (3) follows the disciplinary expectations; failure to do so would result in the student being dropped from the RSS program and referred to the Board of Education for possible expulsion.

Second Chance Program – Grades 6 - 12

Students who are found to be in possession or under the influence of drugs and alcohol will receive opportunity to attend the Second Chance Program. In place of expulsion, the student may attend school in an alternative setting for 20 school days and do his/her assignments to maintain current in regularly scheduled classes. Second Chance students and family must sign a contract agreeing to regular attendance, assignment completion, and appropriate behavior; the student will participate in counseling offered during the school day. At the end of the 20 school days, the student must test negative on a school-provided drug test, at which time he/she will return to school and the regular schedule of courses. Students will be afforded the opportunity to attend two sessions of the Second Chance Program. Failure to test negative for drug use at the end of the 40 days may result in the student being referred to the Board of Education for possible expulsion.

*A student is ineligible for extra-curricular involvement while enrolled in an alternative to suspension/expulsion program.

ARTICLE 10 SUSPENSION OR EXPULSION OF STUDENTS WITH DISABILITIES

1. Students with disabilities will be disciplined in accordance with the State and Federal law and Danville Community Consolidated School District No. 118 policy in a manner which takes into account the student's disability and special education placement.
2. As a result of gross disobedience or misconduct, a special education student ordinarily may be suspended or placed in an appropriate interim alternative educational setting or another setting by school personnel for up to ten (10) *consecutive or cumulative* school days without constituting a change in placement. However, the suspension or placement in an alternative setting for more than ten (10) *cumulative* school days may cause a change in placement for some students. The IEP or Section 504 Team shall determine whether the student's removal of 10 or more cumulative school days constitutes a change in placement. After a special education student is removed from his or her placement for ten (10) cumulative school days in a year, for any subsequent removal, the District must hold a Manifestation Determination Review and provide services to the extent necessary to enable the child to progress appropriately in the general curriculum and advance appropriately toward achieving IEP goals.
3. If a student carries a weapon to or at school, on school premises, or to or at a school function; knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function; or has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function, the IEP team may place the student in an appropriate interim alternative educational setting for up to 45 school days regardless of whether the student's behavior was a manifestation of his/her disability.

4. The Board also has the authority to expel a disabled student provided that the IEP or Section 504 Team has determined the misconduct was not a manifestation of the student's disability.
5. Within 10 school days after the date on which a decision to suspend, expel, or alternatively place, or otherwise discipline a student through a change of placement for more than 10 cumulative days, the IEP Team must convene a meeting and conduct a review of the relationship between the student's disability and the behavior subject to the disciplinary action.
6. If the IEP Team decides that the offense is a direct result of the student's disability, the IEP Team may develop and provide for implementation of an appropriate modification to the student's IEP to address the offense, including a change of the student's placement.
7. Within 10 business days after taking disciplinary action to suspend a student for more than 10 cumulative days in a school year or to place the student in an interim alternative educational setting up to 45 school days or to otherwise discipline the student through a change in placement for more than 10 days, the IEP Team will either develop or review the student's behavior intervention plan.
8. If it is decided that the offense is not a manifestation of the student's disability, regular district disciplinary procedures will be followed. If a disabled student is expelled by the Board, the IEP Team shall convene to determine the nature and type of special education services the District shall provide during the period of the expulsion to ensure that the student receives a free appropriate public education.

ARTICLE 11 EXTRACURRICULAR ACTIVITIES

1. All extracurricular activities are privileged activities that occur outside of normal school hours and are not included as a part of a Board of Education accredited curricular offering. Some examples of extracurricular activities are:

a. Athletics	c. Cheerleaders	h. School Paper
b. Supportive or outside of class groups associated with music: Flags, Batons, Rifle, Marching Band, Music Competitions, etc.	d. Clubs	i. Yearbook
	e. Homecoming Court/ Prom Court	j. Safety Patrol
	f. Pompettes	k. Scholastic Bowl
	g. Student Council	

This is not an inclusive list. Other activities may be subject to the eligibility policy as determined by the principal.

2. **Grades 9-12:** To participate in extracurricular activities, all students must meet the academic standards of the Illinois High School Association. Each student must pass 20 credit hours of high school work per week (equivalent of four solid classes), while maintaining a minimum cumulative G.P.A. of 2.0 or pass all classes taken. Eligibility will be reviewed every week. All missed work due to an excused absence should be made up by the student within a reasonable amount of time; if not, the student may be declared ineligible.

3. **Grades 7-8:** To participate in extracurricular activities, a student must be passing all full unit subjects. Eligibility will be reviewed every week. Eligibility shall be based on quarter cumulative grades and a student receiving a failing grade in any full unit subject will be ineligible until the next eligibility check. If the sole reason for a student being declared ineligible is missed work due to an excused absence, the student should be given a reasonable amount of time to make up the work before being declared ineligible.
4. **Grades 4, 5, & 6:** Any student receiving an office discipline referral resulting in an overnight dismissal or suspension may not be allowed to participate in the extra-curricular activity during that time. Student must also be making academic progress towards meeting designated standards. This requirement will begin on the first day of practice and end after the last game or meet. All parents and students are required to sign-off on the permission slip prior to the first practice.
5. The information gathered through the building-wide eligibility check shall be given to the school's leadership team for analysis. It shall be up to the leadership team to provide feedback to the general staff for the improvement of curriculum and instruction.

ARTICLE 12 EXTRACURRICULAR CODE OF CONDUCT FOR OFF-CAMPUS/NON-SCHOOL RELATED OFFENSES

STATEMENT OF POLICY

All extracurricular participants in **Grades 7-12** are representatives of their school and community. They act as leaders and may be looked up to by other students and younger age groups. The safety and health of each participant should be safeguarded by proper conduct by all students. For these reasons, we expect Grades 7-12 extracurricular participants to maintain high standards of conduct during the school year and the extracurricular season. The participant's conduct in and out of school shall be such as to bring no discredit to the student, his/her parents, the school, the team or organization. Students who participate in extracurricular activities should be ambassadors of good will in all areas of athletic competition and other extracurricular activities and should represent Danville Community Consolidated School District No. 118 in a positive manner.

STANDARDS OF CONDUCT

As a result of these expectations, and because extracurricular activities are considered a privilege and not a student right, the following code of conduct shall apply to all extracurricular participants regardless of the sport or activity during the school and/or the extracurricular season. Grades 7-12 extracurricular participants are expected to refrain from involvement in offenses as listed below:

Assault and battery, or attempted physical attack or physical attack
 Attempted arson or arson
 Attempted or false reports and false alarms, such as fire alarms, bomb threats
 Attempted or inciting others to violence
 Attempted possession, use or sale of explosives
 Attempted or shakedown and/or strong arm

Attempted theft or theft
 Attempted or use/possession or unauthorized sale or distribution of alcohol, unlawful drugs, look-alikes, behavior altering substances, drug paraphernalia, or material containing obscenity or similar contraband.
 Attempted vandalism or vandalism
 Possession or use of weapons/look-alikes
 Sexting

DISCIPLINE

Violations of any of the above standards may lead to suspension from extracurricular participation for a period of time up to 180 school days, dependent upon severity of the violation.

If any extracurricular participant is dropped for disciplinary action from a team or activity, he/she may not try out for another team or activity during the time of the extracurricular suspension.

DISCIPLINE PROCEDURE

1. Decisions as to application of the extracurricular code pertaining to violations of such will be decided by the principal or designee in consultation with the coach, sponsor, or adviser based upon a preponderance of evidence.
2. Parent/guardian and student must be notified in writing before any disciplinary action.
3. The disposition of the case, the nature of the discipline, and decisions as to the length of suspension or dismissal, if any, will be contingent upon the seriousness of the violation and the circumstance involved. Infractions of the extracurricular code will be dealt with in an individual and consistent manner.
4. Decisions as to infractions of the extracurricular code will be rendered within 15 school days of either the alleged citations, or the date upon which school officials become aware of the alleged violation (this time may be extended by either party for just cause).
5. A student who has admitted to or has been found in violation of the extracurricular code may be suspended from competition, participation and/or practice in extracurricular activities for a period of time up to 180 school days, depending upon the severity of the violation.
6. If a parent or student wishes to appeal a ruling of a violation of the extracurricular code, he or she must submit a written request to the building principal's office. The request shall be filed within 10 school days of the determination of violation. The request must be signed by the student and student's parent or guardian.
7. A recommendation on the appeal will be made by the Danville Community Consolidated School District No. 118 hearing officer within 10 school days of notification of the appeal. The hearing officer's recommendation will be given to the Board of Education.
8. The Board of Education shall review the recommendation of the District's hearing officer. The parent/guardian and/or student may address the Board on behalf of the student.
9. The Board shall consider the appeal no later than at the second regularly scheduled meeting following receipt of the appeal. The Board shall issue its determination promptly after considering the appeal.
10. When a student who is a member of an extracurricular organization has been arrested or charged with a crime, the principal or designee, in consultation with the coach, sponsor, or adviser, will determine if the conduct which led to the arrest or charge falls within the extracurricular code of conduct. If a determination is made that the conduct is covered, the investigation and disposition of the matter may proceed before

resolution of criminal proceedings. Procedure may then revert to No. 1 of this Discipline Procedure to ensure due process.

11. The time limits set forth in this section may be extended by the Board.

ARTICLE 13 DRIVER EDUCATION POLICY

It shall be the policy of the Board of Education to provide, as a sophomore course offering, both classroom and behind the wheel driver education instruction. Such course offerings shall also be open to students residing within Danville Community Consolidated School District No. 118 boundaries enrolled in recognized private or parochial Grades 9-12 or students who are home-schooled.

It shall further be the policy of the Board of Education that:

1. To be eligible for driver education, a student must have earned eight credits.
2. Any first year student with three suspensions or one expulsion within a school year, shall be prohibited from taking the behind the wheel phase of driver education until his/her third year.
3. Any second year student (sophomore) with two suspensions or one expulsion within a school year, shall be prohibited from taking the behind the wheel phase of driver education until his/her third year.
4. Any third year student with two suspensions or one expulsion within a school year, shall be prohibited from taking the behind the wheel phase of driver education until his/her fourth year.
5. Any fourth year student with two suspensions or one expulsion within a school year, shall be prohibited from taking the behind the wheel phase of driver education until the second semester of his/her fourth year.
6. Students already enrolled in driver education instruction and then incurring suspension or expulsion as outlined in 3, 4 or 5 above, will be dropped immediately (without credit) from taking the behind the wheel phase of driver education and will be rescheduled at a later time (in accordance with 3, 4 or 5 above).

ARTICLE 14

SCHOOL BUS RULES AND REGULATIONS

Passengers on Danville Community Consolidated School District No. 118 buses, including transportation to any school related activity, are expected to behave as they would in a classroom. Misconduct on a bus will not be tolerated as it may endanger the safety and well-being of others. Inappropriate student behavior will be identified and processed in accordance with ARTICLE IV and ARTICLE V, by the administrator in charge. Buses are equipped with video and audio systems which may record internal and external activities.

1. **DETENTION OF BUS STUDENTS:** Bus students may be held for detention up to 55 minutes before or after school as a discipline measure for misbehavior on the school bus. However, such detention will not occur on the same day as the precipitating offense.
2. **STUDENT RULES:** Passengers must obey the following rules when riding a school bus. A student who breaks any of the rules will face disciplinary action and may lose bus riding privileges.
 - a. Be courteous and use no profane language.
 - b. Cooperate with the bus driver.
 - c. Do not be destructive.
 - d. Do not eat, drink, or smoke on the bus.
 - e. Do not possess or use any drug or alcoholic beverage on the bus.
 - f. Do not throw any object out the windows.
 - g. Keep hands, feet, and head inside the bus.
 - h. Keep the bus clean.
 - i. Observe the same conduct as in a classroom.
 - j. Stay in seat. The bus driver or a school official may assign seats.
3. **BUS VANDALISM:** Vandalism to a school bus is to be considered a violation of school policy and a criminal offense. A student found guilty of vandalizing any portion of a school bus will find that he/she or the parents/guardians will be required to pay for the damages. If payment is not made once the amount of vandalism has been determined, the criminal matter will be prosecuted.
4. **REPORTING OF DISCIPLINE MATTERS:** A school bus driver shall, when a student causes an undesirable situation on a bus, make a verbal report of the incident to the building principal or to the principal's designee. The verbal report shall be followed by a written report to the building principal or to the principal's designee. It is to be further understood that final decisions on the disciplinary problems, suspensions or expulsions shall rest with the school district or its designated representative.
5. **BUS SUSPENSION/EXPULSION:** The term "bus suspension" means disciplinary action taken whereby a student is denied bus transportation to and from school for up to 10 days (expulsion-more than 10 days). A hearing officer appointed by the Board of Education will hear all expulsions.
6. **MAKE UP WORK:** In the event a student is suspended or expelled from the bus and cannot attend school because of a lack of alternate transportation, the student will be allowed to make up all work missed work. It is the parents' responsibility to notify the school that the student does not have alternative transportation and arrange for missing assignments.

ARTICLE 15 ATTENDANCE

Regular daily attendance is an important factor in a child's success in school. A child who has poor attendance gets behind in school work, becomes frustrated, develops a poor attitude toward school, and is more likely to drop out. Encouragement and the expectation that a child will attend school daily, starting with the first day of kindergarten and continuing throughout his/her school career, teaches children that school is important.

THE FOLLOWING REASONS FOR ABSENCES ARE VALID/EXCUSED:

1. Authorized religious holidays.
2. Illness: absences of more than three consecutive and/or six non-consecutive days may require medical verification specifying date(s) student was medically unable to attend.
3. Death in the immediate family: spouse, child, parent, brother, sister, step parent or step sibling, grandparent, in-laws, guardian
4. Medical or dental appointment verified on a medical form specifying date(s) and time of service. A reasonable travel time will be allowed (these absences are valid only if every attempt has been made to make appointments outside school time).
5. Court appearances with subpoena or other legal document.
6. Pre-approved college visits.
7. Family vacations pre-approved according to district policy: all necessary arrangements for the absence must be completed five school days in advance of the absence; all work missed should be made up and grade credit shall be given for this work.

Upon returning from an excused absence, all work missed should be made up, and grade credit shall be given for this work.

THE FOLLOWING ARE EXAMPLES OF UNEXCUSED ABSENCES/TARDIES:

SEXUAL ABUSE, ASSAULT, & HARASSMENT

Sexual Abuse – The term includes unwanted intentional fondling or touching, either directly or through clothing, of intimate body parts of any person, or any part of the body of a child under 13 years of age, for the purpose of sexual gratification or arousal of the victim or the accused. Immediate disposition is at the discretion of school authorities (e.g., clearing corridors, sending students to office, securing the building).

Incidents of the following nature will be reported to police without unreasonable delay including the offense location or time:

- a) Where force or threatened force or bodily harm is involved.
- b) Where there is a victim who is unable to understand or consent.
- c) Where the victim is less than 13 years of age (consent is not an issue).
- d) Where there is a second or subsequent complaint by the same victim regardless of age.
- e) Where a weapon is displayed.

Sexual Assault – The term is commonly identified as “rape” and involves threatened force, attempts at or actual sexual contact, bodily harm or threats of bodily harm, except that these factors, however, are not issues for reported victims under 13 years of age. By law, persons under 13 years of age cannot make a determination of whether the act was sexually illegal in nature. All incidents will be immediately reported to police, regardless of offense, location, or time.

Sexual Harassment:

It is illegal and against Danville Community Consolidated School District No. 118 Board of Education policy for any employee, student, or other person, male or female, to sexually harass an employee or student while that employee or student is on school property or engaging in school activities or school business, or as a result of the employment or educational relationship by:

1. making unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, as a condition of an employee's continued employment, or a student's academic status;
2. making submission to or rejections of such unwelcome conduct the basis for employment or academic decisions affecting an employee or student; or
3. initiating conduct that has the purpose or effect of substantially interfering with an employee's professional performance or a student's academic performance, or creating an intimidating, hostile, or offensive working or educational environment by such conduct. This prohibition includes the act of sexting. Sexting shall be defined as the act of sending sexually explicit photos or messages electronically, primarily via cell phones and/or internet (Please see page 26 and 32 of this Handbook for more information on the act of sexting and the disciplinary consequences for engaging in this conduct).

An employee engaging in sexual harassment will be subject to discipline, up to and including termination. A student engaging in sexual harassment will be subject to discipline, up to and including expulsion.

The Superintendent is authorized to promulgate rules and regulations implementing this policy.

Erin's Law

Erin's Law is named after childhood sexual assault survivor, author, speaker and activist Erin Merryn. Erin's Law (in Illinois, Public Act 96-1524) mandates that Illinois public schools provide training to certified staff on prevention of child sexual abuse. It also mandates that public school children pre-kindergarten through 12th grade be educated on how to protect themselves from sexual abuse. Students learn age-appropriate techniques to recognize child sexual abuse and tell a trusted adult. School personnel learn about child sexual abuse. Any questions or concerns regarding this topic can be addressed by building administrators, guidance counselors, or school social workers.

Teen Dating Violence

The Center for Disease Control and Prevention (CDC) reports that one in eleven adolescents say they have been the victim of physical dating violence. Illinois law requires middle schools and high schools to incorporate age appropriate education about teen dating violence into their curriculum. As a result, our schools teach students the signs and symptoms of an unhealthy relationship, how to respond, and who to notify. Healthy or unhealthy relationship habits may develop early. High school students report that they see dating violence among their peers. Dating violence during teen years can lead to unhealthy relationships. This may disrupt normal development and can contribute to other destructive behaviors in our children. If you would like more information about teen dating violence, please contact the building principal, social worker, or guidance counselor.

Therefore, students shall be allowed access to the District computer network consistent with the District's curriculum, educational mission, and the Acceptable Use Policy adopted by the Board of Education and outlined in the Ownership in Education manual.

ARTICLE 19 BULLYING

Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

- During any school-sponsored education program or activity.
- While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
- Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
- Through the transmission of information from a computer that is accessed at a non-school related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any non-school related activity, function, or program.

Definitions from Section 27-23.7 of the School Code (105 ILCS 5/27-23.7)

Bullying includes *cyber-bullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more

of the following:

- Placing the student or students in reasonable fear of harm to the student's or students' person or property;
- Causing a substantially detrimental effect on the student's or students' physical or mental health;
- Substantially interfering with the student's or students' academic performance; or
- Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyber-bullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyber-bullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyber-bullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, teaching assistants, secretaries, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the following requirements:

Using the definition of *bullying* as follows: *Bullying: The use of written or verbal communications or physical conduct intended to psychologically injure, harass, humiliate, coerce or intimidate another person.* Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the District Complaint Manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District Complaint Manager or any staff member. Anonymous reports are also accepted.

Consistent with Federal and State laws and rules governing student privacy rights, the Superintendent or designee shall promptly inform parent(s)/guardian(s) of all students involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.

The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:

The Superintendent or designee shall investigate whether a reported act of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

The Superintendent or designee shall use interventions to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. A student's act of reprisal or retaliation will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.

The District's bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.
